SUMMARY

I'm an aspiring software student presuring engineering in Final year. Passionate coding enthusiast and has good knowledge about booming AI tools.

EDUCATION

Maharaja Institute of Technology,Mysuru Bachelor of Engineering, Computer Science: 8.73 CGPA	2023 – 2027
Sadvidya Semi-Residential College, Mysuru Pre -University Board: 84.16%	2022 – 2023
Bharatiya Vidya Bhavan, Mysuru High School: 91.20%	2020 – 2021

PROJECTS

Voxsynth Built an Autonomous multiplayer agent system that translates text to audio in real time in multiple language simultaneously .	02/2026
SMART FACULTY FEEDBACK PORTAL Designed a Web Application to simplify feedbacks and reporting. Enhanced decision-making through organized data visualization and analytics.	01/2026
ZOO Database Management Sysytem Developed a Zoo Management System that simplifies animal records, feeding schedules, and staff management. A step towards smarter, tech-driven wildlife care and administration.	12/2025

SKILLS

Programming Languages: Python, C, Java	Soft skills: Mentoring, Problem Solving, Team Collaboration
Technologies/Envirnoment: Mysql, Git&Github, Jupyter Notebook, VS Code, Antigravity, Web hosting.	

COURSES

Introduction to Generative AI	2026
Artificial Intelligence Fundamentals 	2025
AWS Cloud Practitioner Essentials 	2026
Programming with JavaScript 	2026

ADDITONAL INFORMATION

Hackathons/Competitions:
Innovostava 2026(Runner)
Certified in Java Language (Acube Tech Skills,Mysore,India)
ARGHYA - Empowering Engineers with Next-Gen AI Tools
Hackverse2025
Be10x AI tools (Workshop)

Languages:English(professional), Kannada (native), Hindi(limited)

Interests
Cricket, Kabbadi, Open source contributor
